Date & Time	Friday 6th November 2020 4.30– 5.05 p.m.
Venue	Video conference meeting
Attendees	Alison Crampin, Fiona Cryle, Marjorie Clasper and Jo Stickland
Secretary	Jane Simpson

Agenda Item		Action
1.	**Apologies for absence** David Buckley	
2. **2.1**	**Meeting convened to discuss Getting Around** Agreed to keep JSt's key destinations map which listed all destinations. On a separate map, agreed to map key destinations as clusters for simplicity, as Billingshurst had done: • Village Centre and commercial area • Horton Road commercial area (Tesco, takeaways and restaurant) • Recreation Ground (including Health Centre, Village Hall complex, Scout hut) • 3 Schools • Railway station • Riverside JSt. agreed to rework into clusters, mapping 'routes' rather than roads. AC had done rough pedestrian route map based on Billingshurst example. We agreed to extend key movement routes on Slough Road and Eton Road so they start from Castle Avenue. London Road – start route from Majors Farm Road to Village Centre Ditton Road – to Village Centre Horton Road – start route from Mill Place Windsor Road/Southlea Road – Need to mention the Thames Path as there are large numbers of walkers using this route. MC mentioned the Right of Way across the railway from Montagu Road. AC had included that on her rough map, along with Green Lane, as a key route to Recreation Ground cluster. It was agreed to circulate JSt's enhancement list so all can add comments. JSt to send first to MC. Then MC to forward, etc. AC to email JSt the figures from the Cycle Action Plan to help with mapping key cycling movement routes. We discussed whether these should be mapped separately. This will depend on how similar the routes are.	JSt JSt/MC AC
	Date of Next Meetings 4.30pm on 11th November, 9th December 2020
